FAREWELL POEM

After spending on you endless hours,
losing hope we can make you a friend,
we admit: You were not friend of ours.
Therefore here we praise your end.

Being with you it was anguish for years,
under treatment by "Web Tips & Tricks".
We don't want any more those nightmares,
so you'd better be dead IE 6.

No developer will drop a tear,
neither users will do it for you.
Lie down buried you browser not dear.
We will find something better and new.
